## Technical data (For applications outside these parameters, please consult us!)

Clamp voltage to VDE 0110 C	U	max. 125 VAC
Current load	I	max. 4 A
Connection cross section	A	max. 4 mm^2
Connection type: – VT 3002-2X/32 – VT 3002-2X/48 – VT 3002-2X/G64		32-pin spring contact strip, type D, DIN 41 612 48-pin spring contact strip, type F, DIN 41 612 64-pin spring contact strip, type G, DIN 41 612
Terminal connections: – VT 3002-2X/32 – VT 3002-2X/48 – VT 3002-2X/G64		even-numbered, series a/c even-numbered, series d/b/z even-numbered, series f/d/b/z
Permissible ambient temperature range	ϑ	– 20 to + 70 °C
Weight	m	0,5 kg

Assembly instructions

– Push the yellow lever down and insert card completely. Only after renewed operation of the detent levers the card can be unlocked and released.

– In order to connect the lines the support rail between the two card guide rails can be removed or be detented on the other side.
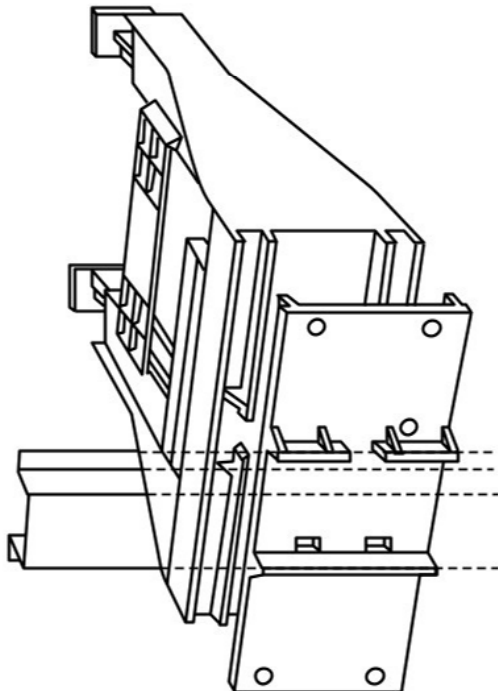

Can be also installed 90° from the existing position by use of an additional adaptor (in delivery included).
